LABOR LEADERS
PAY VISIT TO
McNAMARA

[Associated Press Cable]

SAN FRANCISCO, July 26.—Former Mayor P. H. McCarthy, Olat Twitmore, and Glancy, accompanied by other San Francisco labor leaders, paid a visit to San Quentin today in an effort to see J. B. McNamara, serving sentence for the murder of twenty-one people in the destruction of the plant of the Los Angeles Times.

They wished to find out if the report that McNamara is being confined in the solitary cell, in order to compel him to confess the ramifications of the events preceding the explosion and wrecking of the newspaper, is true.

Warden Hoyle admitted to his visitors that the dynamiter is being held in solitary confinement, but asserted that it was as a punishment for insubordinate conduct and not to force a confession from him.

SPANISH CONSUL
LOOKING INTO
CHARGES?

HILO, July 26.—The Spanish consul, Senor Arana, has been sent to Hawaii to inquire into charges preferred by Spanish immigrants against certain of the plantation managers. At least such is the general rumor that is going the rounds at the present time.

Senor Arana is in Hilo at the present time and gives out the statement that he intends staying here for two or three weeks and of visiting the volcano during that time. The rumor is insistent, however, that the consul is here acting under instructions from his home government to investigate certain reports that were made by immigrants.

The story goes that some of the immigrants consider that they have not been rightly treated since their arrival here and that they have a rightful kick coming. Being in a strange country and not knowing the laws and conditions it is stated that a petition was sent into the home government asking that the consul should be sent here to make the fullest inquiries.

The result of the inquiry will undoubtedly have a decided effect one way or the other on the future immigration of laborers from Spain.

Consul Arana arrived here last Sunday morning and on Tuesday night attended the informal meeting of the Board of Trade.

OROVILLE PARTY WRITES HOME OF HAWAII

OROVILLE, Cal., July 10.—The party of Oroville men composed of Alfred Lafferty, Thomas Curran, Dave Plaska, William Taylor, Nels Ramstead, Scott Roberts, Lee Turner and Frank Sewell, have written letters to friends in this city reporting their safe arrival in the Hawaiian Islands. They will work on a construction job at Hilo, in the islands, for two years. All state they like the island possession of the United States from what little they have been able to see of it so quickly.

The party had a pleasant trip over the Pacific ocean, the Ventura, the steamer on which they were embarked, making it in six days. For the first two days out every member of the party was sick.

Several of the party, however, state they wish they were back in the states, in California, and especially at their old haunts in Oroville.

H. H. WILLIAMS AT PORTLAND ELKS' REUNION

PORTLAND, Ore., July 14.—"The finest thing of its kind I have ever seen," said Henry H. Williams, an Elk from far off Honolulu, giving his views of the reunion. "I have attended many such celebrations, but I never have seen such lavish and unbounded entertainment, such hospitality and such goodness of spirit."

Mr. Williams and his wife will go to Seattle Monday to attend the Potlatch celebration. They will return to Portland at the end of the week.

Other members from Hawaii who attended the reunion were Arthur McDuffy and George Anger.

"I have never seen such illumination," said Mr. Williams, "or such decorations. Other cities have had such displays, but of a much smaller scale. And furthermore have been entertained royally."

WILL HEAR COMPLAINTS OF PUNCHBOWL SETTLERS

Governor Fear, Land Commissioner Joshua Tuck and Attorney General Lindsay will begin a conference next Monday morning as a commission to consider complaints by the preference right holders on the Punchbowl tract. Most of the complaints come from residents whose homes must be moved from their present sites onto other lots to make room for the new streets that are to be cut through the tract.

A number of the complainants dispute the new sites assigned them, and like the new sites set by the appraisers are too high. It is thought that many complaints can not be considered at all, especially those concerning the valuation of the lots, as the price set by the appraisers can not be changed.

SAYS HUSBAND DESERTED AND WENT TO HONOLULU

OAKLAND, July 16.—The mystery of the disappearance of William Martin was solved for Maggie Martin when her sister saw him at Honolulu, as Mrs. Martin testified. She charged that he had deserted her after neglecting her for six months after they were married and she did not know where he had gone. She got an interlocutory decree today.

Edith Rowe and Edward R. Rowe, separated 18 times and to prevent the interlocutory decree today. She said that Rowe had mistreated and neglected her, gambling away his earnings and borrowed money from his parents which he did not repay.

WILL SHOW HAWAII LONG HONORED COOK

In order to show Londoners, who are to erect a statue in their city to the memory of Captain Cook, that Hawaii has recognized the navigator's genius for many years, F. Cartwright of the Honolulu School for Boys is preparing an illustrated article on the Captain Cook monument standing on the shores of Kealahou Bay, Hawaii. The article will be published in the Field, an English journal.

Refreshing as a Night's Sleep

One of the best things about Stearns' Headache Wafers is that they not only cure the headache quickly but leave your head "as clear as a bell." The heavy, druggy feeling that follows the use of most headache remedies is wholly unknown to users of

Stearns' Headache Wafers (Shac)

Many people say "they are as refreshing as a night's sleep" for they simply drive away the pain, leaving the head normally at ease.

You can depend upon Stearns' Headache Wafers just as millions of others have done for years; and they relieve not only headaches but many other kinds of pain; yet they are and always have been free from opiates, morphine, chloral and other habit-forming drugs.

After one trial you will know that these tiny, tasteless snow-white wafers should always be kept at hand. Be sure to get STEARNS'—the genuine.
